

Funeral Catering & Reception Services

A funeral reception catered, allows family and friends to continue spending time together sharing memories and comfort with your loved ones.

- We plan all types of funeral receptions or food delivery before, during or after the service for your loved ones, ranging from light appetizers/hors d'oeuvres, to casual or formal full meals at breakfast, lunch or dinner.
- We offer: self-service buffet, passed hors d'oeuvres, seated dinners, or delivery & set-ups for your family and loved ones. Also, catered reception doesn't mean you have to hold it at the funeral home; we can arrange for food and beverages to be delivered to your home or another venue of your choice, whichever is most comfortable for your family and loved ones.
